

2012 Children's Outreach Services

There are some very exciting things happening in our ministry to children here in Uruguay. We have started multichurch outreach events with many of our churches, and we have seen tremendous results. This has given us a great opportunity to train and mentor more children's leaders from our churches and we are seeing the ministry to children reach new levels than ever before. Also, the children are being ministered to and disciplined on another level as well. As a result of these events we are seeing the local churches reach and disciple more children than ever before!

We also preparing for our kids camps that will take place in January 2013. God has given us a great team of people with creative minds and abilities to help us with these camps. One of our main purposes for these camps is to give children the opportunity to receive the Baptism in the Holy Spirit. Please pray with us that this happens!

Jesus Is The Answer For The Children of Uruguay!

We continue to train new children's leaders on a regular basis. We need more people with a passion and call to reach the children of Uruguay. The children here in Uruguay are always much more open to the Gospel message than adults. Most adults here are atheists or agnostic. It is believed that around 70% of the population fit in these categories by some sources. However, we are fighting a very big battle here for the eternal future of the children and Youth of Uruguay. In the past most children wanted to be a Doctor, lawyer, fireman or soccer player when they grow up. But a recent study revealed that the number one thing children want to be when they grow up is to be a drug lord! This is very alarming! Drug usage for teenagers has greatly increased. Many see no hope or future and turn to drugs.

It is so bad here that the President of Uruguay has recently revealed his plan in July not only to legalize marijuana, but for the government to grow it and sell it! Pray with us that we will continue to have open doors to train more children's leaders and that our churches will have a burden to reach the children before it is too late! And pray that the children will continue to be open to Christ and the Holy Spirit in their lives! There is hope and a future with Christ!

11 Acres of Land Can Make a Big Difference With Your Help!

Another exciting news note is that we have been given permission by the A/G of Uruguay to be in charge of about 11 acres of land just outside of Montevideo. It is our desire to put soccer fields on this property to use for outreach soccer events for children and youth. It is our goal to start a Christian Soccer league here in Uruguay. Almost all children in Uruguay play soccer and we want to use this sport to reach them like never before! This property has been in disrepair for a couple of years. Our immediate needs are to secure the property with fencing. Our fencing on two sides of the property has been stolen and the front gates to the property will have to be replaced. It is our desire to level the area we have designated for our first soccer field before the end of March 2013. So pray with us that we will receive the funding for these needs. Also, we are looking for churches who would be interested in bringing construction teams in 2013-2014.

We are needing to construct a children's ministry training center with housing on this property as well. Please contact us if you would like to bring down a construction team in 2013 or 2014.

Cost to fix fencing and gates: \$2,500.

Cost to bring in dirt and level soccer field: \$3,000.

If you would like to donate to help us with this property please send funds to:
